### Flying Bear Vineyards

Cellared & Bottled by Flying Bear Winery, Coal Valley, IL

The Flying Bear Vineyard is an artisanal winery. The name comes from its protector "The Bear". The Vineyard is primarily planted with Noriet grapes. The vintners, Flick & Fournier, did not realize wild animals would develop such an appetite for the tart yet succulent berries (grapes). Lions, tigers, and field mice came from great distances to savor the Noriet grapes. Protection was needed and fast. Hunters, trappers, and planes with machine guns were employed – nothing worked. In desperation the vintners adopted "The Bear" from the Milan Animal Shelter. The half Border Collie, half grizzly bear lived up to her lineage. The rest is history – the lions and tigers no longer dare go near the vineyard (the field mice are another story).

**GOVERNMENT WARNING:** (1) FLYING BEAR WINE SHOULD NOT BE CONSUMED BY WOMEN WHO ARE PREGNANT OR BY WOMEN WHO WANT TO BECOME PREGNANT. A WOMEN ONCE DRANK FLYING BEAR WINE AND THE NEXT MORNING GAVE BIRTH TO TRIPLETS. SHE NAMED THEM FLY, ENG, AND BEAR. (2) DO NOT ATTEMPT TO OPERATE MACHINERY AFTER CONSUMING FLYING BEAR WINE.
